

The Political Career of Sir Adolphe Chapleau Premier of Quebec 1879-1882

Adolphe Chapleau, former Premier of Quebec, Secretary of State in Ottawa, and Lieutenant-Governor of Quebec, has been recognized by many as the hinge that allowed Quebec to switch from Conservative dominance under Macdonald to Liberal dominance under Laurier. The prevailing interpretation of his failure blames the English-speaking Conservative anti-French attitudes. This work contends that while there was tension between English and French-speaking Conservatives, the real reason for Chapleau's failure rested on his own shoulders, his personal inability to dominate Quebec.
