

## A Political Companion to Henry David Thoreau (Political Companions Gr Am Au)

The writings of Henry David Thoreau (1817-1862) have captivated scholars, activists, and ecologists for more than a century. Less attention has been paid, however, to the authors political philosophy and its influence on American public life. Although Thoreaus doctrine of civil disobedience has long since become a touchstone of world history, the greater part of his political legacy has been overlooked. With a resurgence of interest in recent years, A Political Companion to Henry David Thoreau is the first volume focused exclusively on Thoreaus ethical and political thought. Jack Turner illuminates the unexamined aspects of Thoreaus political life and writings. Combining both new and classic essays, this book offers a fresh and comprehensive understanding of Thoreaus politics, and includes discussions of subjects ranging from his democratic individualism to the political relevance of his intellectual eccentricity. The collection consists of works by sixteen prominent political theorists and includes an extended bibliography on Thoreaus politics. A Political Companion to Henry David Thoreau is a landmark reference for anyone seeking a better understanding of Thoreaus complex political philosophy.
