Excerpt from An Answer to Dr. Gillies Supplement: To His New Analysis of Aristotles Works; In Which the Unfaithfulness of His Translation of Aristotles Ethics Is UnfoldedDr, Gillies having thought proper to attempt a confutation of the proofs which I had brought forward to the public of his not having given either the manner or the matter of Aristotle in a work which he calls a translation of the Ethics and Politics of that philosopher; and as he has also presumed to ridicule the most sublime of Platos doctrines, and to calumniate the best of his disciples, displaying in this attempt no less ignorance than illiberal invective, it now becomes necessary that I should fully unfold to the public the injustice which he has done to Aristotle in that work, and also to the best of the Platonists, in the Supplement to his Analysis of Aristotles speculative works.
