

Apple Pro Training Series: QuickTime Pro Quick-Reference Guide

This handy 180-page book offers a great overview of QuickTime Pro, including a fundamental explanation of video encoding and an invaluable look-up guide of video codecs and the QuickTime Pro interface. Includes step-by-step tutorials for the five things people do most with QuickTime Pro: Capturing, editing, using different video tracks, exporting, and scripting QuickTime Pro actions with Automator. Available for both Windows and Mac, QuickTime 6 was downloaded more than 350 million times. Moreover 98% of those downloads were from PC users, at a rate of over 10 million per month. QuickTime Pro is now available and can be downloaded for \$29.99.
