

Barefoot at the Lake: A Memoir of Summer People and Water Creatures

Every year in June, when school finishes, the summer people invade Long Point on Lake Chemong. Its 1954, and Bruce and his dog Angus are desperate to reach the lake - Angus to roll in dead fish, Bruce to count how many different birds he can see. Barefoot at the Lake is Bruce's evocative account of this one particular summer, when his eyes are opened to the complexities of girls, adults and the natural world. He will introduce you to a cast of unforgettable characters and animals. His strong, handsome and taciturn father who works as a florist. His mother in short shorts and a tight shirt, unwittingly charming all the men. His heartbroken uncle, and a seagull called Popeye. And not forgetting Grace, with shiny brown hair and chapped knees. Not only a beautifully written boys-eye view of the landscape of his youth, Barefoot at the Lake is also delightfully funny, with a moving wisdom at its heart.
