

First & Then

First & Then is like first love: profound and stirring, surprising and funny, and utterly delightful. T. Michael Martin, author of *The End Games* Devon Tennyson wouldn't change a thing. She's happy watching Friday night games from the bleachers, silently crushing on best friend Cas, and blissfully ignoring the future after high school. But the universe has other plans. It delivers Devon's cousin Foster, an unrepentant social outlier with a surprising talent for football, and the obnoxiously superior and maddeningly attractive star running back, Ezra, right where she doesn't want them? first into her P.E. class and then into every other aspect of her life.
