

Candidate Without a Prayer

In this deeply revealing and engaging autobiography, Herb Silverman tells his iconoclastic life story. He takes the reader from his childhood as an Orthodox Jew in Philadelphia, where he stopped fasting on Yom Kippur to test Gods existence, to his adult life in the heart of the Bible Belt, where he became a legendary figure within Americas secular activist community and remains one of its most beloved leaders. Never one to shy from controversy, Silverman relates many of his high-profile battles with the Religious Right, including his decision to run for governor of South Carolina to challenge the states constitutional provision that prohibited atheists from holding public office. Candidate Without a Prayer offers an intimate portrait of a central player in todays increasingly heated culture wars. It will be sure to charm both believers and nonbelievers alike, and will lead all those who care about the separation of church and state to give thanks.
