

Released from the Darkness (Concealed in the Shadows) (Volume 2)

Two young seeksmen are dead, and Sydney blames herself. The only way to get her sister back from the countys clutches, while also preventing more death, was to offer her own life in exchange for Evvies freedom. She expected a dreadful end, but nothing like the prison in which she wakes. Agonizing county life is redefined in Neo-Necropolis, new city of the dead, which lies beneath the earth. Worse than being allegedly deceased, is the false identity Sydney is forced to assume where Evvie, Sheridans captain, and Crewe never existed. Sydney alone knows the magnitude of the countys evildoings inside, outside, and now below. At only eighteen, the responsibility to defend freedom falls solely on her tried and tested shoulders--a burden that requires desperate action when a catastrophic revelation upends the world as she knew it. The people Sydney cares for are more vulnerable than ever. Though shes buried underground and monitored by county agents, she must escape this new captivity. Maybe its time to fight fire with fire. Sydney has proven her courage in facing their weapons, but can she trigger her own?
