

## Cyclists: A Spotters Guide

A satirical guide to the weird and wonderful range of cyclists on the roads today. With the rediscovery of cycling as a sport, pastime, and planet-saving method of transport, this book takes a satirical and fully illustrated look at the 25 most common types of bicycle user on the roads today. It covers the full gamut of urban and rural cycling tropes, identifying specimens by habitat, range, plumage, and other characteristics that will be familiar to anyone with a cyclist in their life. From the Office Magnet to BMX Bandit, each breed is fully illustrated.
