# Mac OS X Administration Basics Exam Cram (Exam 9L0-500)

The Mac OS X Administration Basics Exam Cram is the essential study guide for the Mac OS X Administration Basics Exam (9L0-500). This exam is common to both the Apple Certified Technical Coordinator (ACTC) and the Apple Certified System Administrator (ACSA) certification tracks. This test focuses on the core knowledge necessary for maintaining an OS X system, covers the fundamentals of the OS X design and operation, and will serve as the foundation for all other OS X certification tests. This Exam Cram is designed to appeal to both Macintosh and UNIX Administrators who are looking for a concise preparation guide for achieving exam success.
