

## Encyclopedia of Biblical, Ecclesiastical and Theological Literature: Vol 6

Volume 6 of 6 The Encyclopedia of Biblical, Theological, and Ecclesiastical Literature is now available digitally in six volumes. Each volume has a linked table of contents for each letter of the alphabet and each section has its own linked table of contents making it easy to find the exact subject you are looking to study. This Encyclopedia was one of the largest Biblical sources of information containing more than 31,000 articles and 17,000,000 words, including illustrations and bibliographical material. The many articles in this massive Encyclopedia include Biblical plants, historical areas, fifteen pages on David, sixteen pages on the Tower of Babel, historical articles and one of the longest articles on Mormonism that has ever been recorded. This reference work is sure to be one to have in your library. It is useful for students, pastors, scholars or anyone seeking a guide for exploring the people, places and many topics that are contained in the Bible.
