

Fanatics & Fools: The Game Plan for Winning Back America

As Americas leaders fight pre-emptive wars abroad and ordinary Americans fight to keep their heads above water here at home, Arianna Huffington offers a no-holds-barred account of where we stand and a clear and remarkable vision of where we should be headed. Taking aim at the ruthless fanatics in the Bush White House and the feckless fools in the all-too-compliant Democratic opposition, the best-selling author of *Pigs at the Trough* paints a scathing picture of our contemporary political landscape peopled with scoundrels and cowards, and awash in the constant and corrosive tow of dirty money. But the book doesnt stop there. Over the course of her run for governor of California, Arianna Huffington learned that criticism and outrage are not enough. She lays out her game plan for winning back America from our not-so-compassionately-conservative president, now firmly and happily in the grip of right-wing radicals like Dick Cheney, Karl Rove, and John Ashcroft. With the 2004 election fast approaching, Arianna Huffington sees fire in the ashes of the Democratic Party and reason for hope that this can be the year that the people finally take back control of their government and their country. Fearless, funny, in full command of the facts, and ever passionate, Arianna Huffington offers not just a chapter-and-verse diagnosis of the fanaticism that drives the Bush White House but a bold vision of New Responsibility for rebuilding our broken democracy. If you want to know what you can do to restore America to the promise and moral greatness envisioned by our greatest leaders, from Abraham Lincoln and Teddy Roosevelt to FDR and Bobby Kennedy, this book is required reading. These are big dreams, but, as Arianna argues, anything smaller guarantees the reelection of George Bush.
