Little Dancer: When Faith is stalked by a boy at her new school, a secret admirer comes to her rescue. Only who is the admirer and how does he know so freaking much about her? Its kind of freaking her out until she discovers its the smokin hot guy shes been secretly craving. Woot! Yay! Awesome! All that happy stuff. Only, is he craving her back or what? Louder Than Words: Summer has always had a crush on her childhood guy friend, Mason. Lately, hes looking at her all hungry and longing-like. And he says all the right words to get her heart pumping wild. It almost has her thinking he craves her too. Almost. But lets face it, actions speak louder than words and Mason has put out zero action unless youre talking about action with other girls. Hes put out plenty of that. Grrr! (Note: Melanies novel, Louder Than Words, is based off this short story.) Carsons Walls: Seventeen year-old Tori craves the boy next door, but can she break down the walls he has built against her?
