

How to Write Everything

How to Write Everything is the ultimate writers handbook. It tells you about every aspect of writing, from having an idea to getting the idea out into the world and getting paid for it, too. It covers everything from journalism to screenwriting, from speeches to sketches, from sitcoms to novels. With thirty years experience as an award-winning scriptwriter, journalist, author, and broadcaster, David Quantick is ideally suited, as a writer, to write this definitive writers guide to writing...everything.
