

## Loves Last Dreaming

An Intriguing story that transcends time and space and brings us to the awareness that love is all there is. - Gerald G. Jampolsky, M.D. Best Selling Author of: Forgiveness: The Greatest Healer of them All. After abandoning the hollow existence of her jet set life, wealthy heiress Mariette Mor-Phose is equally depressed by a fruitless quest for self-discovery in the bohemian haunts of Paris. It is at her lowest point that she is pulled by a mysterious stranger, Francois LeTap, into a roller coaster ride of dreams within dreams. Exhilarated but terrified, she loses contact with what she once thought was real and begins to question both her identity and her sanity. While her worst fears are brought to the surface of her confused mind, she discovers true love, hidden until then, within her dreams. Then, when at last she feels she has found meaning to her life, she finds herself lost in the deepest and darkest dream yet. Perhaps the dream is the real life and the life she thought she was leading is the dream. But what if both are dreams?
