

## Life In The Galloping Lane

From the backyard horses of their childhood, to the years of struggle as they worked their way to the top of one of the most demanding of horse sports, Life in the Galloping Lane is the story of how eventers Karen and David OConnor, winners of five Olympic medals between them, got their start. How they handled the highs and lows and the horses who shared their adventures, as well as insights into the OConnors lives and training techniques makes this a fascinating and inspirational story.
