

The Agency, Volume V

The fifth volume of Dianne Sylvan's Agency series includes the novella Archangel and the short story Watching Him (Reprise). Being knocked up with an Elven demigod is about as much fun as Shadow Agent Sara Larson thought it would be - she and her unborn daughter are the target of opposing factions in an ancient war that is about to erupt again, starting in Austin this time instead of ancient Sumeria. Black magic, demons, and far more mundane emotional stress are pushing Sara to the breaking point. As questions are answered - Who called forth Lex, the Seraph who is destined to guard the baby? Who is working with Sara's old coven to destroy her? - even more mysteries arise: yet another faction has appeared, this one closer to home than anyone could have guessed, with grave consequences both for our heroes and the entire world. Terrible choices must be made...between life and death, fight or flight, a lover or a friend...and by the time the Shadow rises, nothing will ever be the same.
