

## NCLEX Questions: Respiratory System

A portion of the proceeds from the sales of this ebook will be donated to the American Cancer Society. Thank you for your purchase. This is a collection of multiple choice questions focused on the respiratory system for students preparing for the NCLEX. Areas covered by questions include upper respiratory tract, lower respiratory tract, chest wall, pulmonary circulation, gas exchange, health history assessment, physical examination assessment, lab/diagnostic tests, analysis, interventions and supplementary questions.
