

## The Black Horse (Illustrated) (Classic Fiction for Young Adults Book 85)

This relatively short book has everything -- action, adventure, trial, tribulation, horses, good guys and bad guys. It has great narrative, a story line that's interesting, and very nice illustrations. It's a book that will be enjoyed by adults as well as young people. \* This e-book is a true representation, from a high-definition scan of a pre-1923 print version of the book. Unlike other e-copies of the book, it was not produced by using Optical Character Recognition (OCR). OCR-scanning old books is seldom, if ever, error-free. This often results in an e-book with many \*\*, ^^, >> and typographic errors when OCR can't read the word or punctuation correctly. \* True representation means that if there are typographic, spelling, or grammatical errors that the editor judges to have minimal impact on the book's comprehension, they have been preserved; otherwise, they were corrected. \* In other words, no changes or as few as possible have been made to either illustrations or text in order to bring you an e-book that is as close to the original as possible.
