

The Man Who Drove With His Eyes Closed

As well as the man who could drive for miles with his eyes closed, in this book you'll meet Geshe, who emitted actual light when meditating; the tai chi teacher who could throw people across the room with one finger; Geronimos grandson; and luminaries such as RD Laing and Ram Dass. Then there's Psycho Dan, on the run for pulling someone's ears off with his bare hands, who taught Barefoot how to fight. In over 25 years of training, Barefoot Doctor learned from some of the most colourful, inspiring and innovative teachers and gurus of their generation. In this book, Barefoot Doctor achieves something unique: telling ripping yarns about real-life gurus while also succeeding in passing on the essence of their teachings, and inspiring you the reader to start living by your intuition and create an incredible life of your own.
