

Office 2001 for Mac: The Complete Reference (Osborne Complete Reference Series)

Microsoft Office 2001 for the Macintosh computer, is a new program which supports Mac technology without losing any of the trademark Mac style. This reference provides comprehensive coverage of the new Project Gallery, Entourage features, and the new versions of Word, excel and PowerPoint. It also provides details on features which are exclusive to Mac Office, such as QuickTime movies in PowerPoint and the new formatting palettes, toolbars and icons.
