

Precalculus: Mathematics for Calculus

Paperback edition of the following book:
Publisher: Brooks Cole; 6 edition
ISBN-10: 0840068077 ISBN-13: 978-0840068071 This best selling author team explains concepts simply and clearly, without glossing over difficult points. Problem solving and mathematical modeling are introduced early and reinforced throughout, providing students with a solid foundation in the principles of mathematical thinking. Comprehensive and evenly paced, the book provides complete coverage of the function concept, and integrates a significant amount of graphing calculator material to help students develop insight into mathematical ideas. The authors attention to detail and clarity, the same as found in James Stewarts market-leading Calculus text, is what makes this text the market leader.
