

When a semi-trailer filled with toys for the children's party is stolen right before Agnes' and Eleanor's eyes, they're left holding the bag. Agnes convinces the party organizer, Emily Harris, to give them a chance to find the toys before calling in the sheriff. Before long though, it's apparent that they'll need the help of Sheriff Peterson. ??Will Agnes and Eleanor be able to save Christmas for the needy children of Tawas in time for their Christmas party, or will they be so lost in the twist of turns of the case that they finally admit to themselves they might not be cut out to solve this case??
