

## Reason 3 for Windows & Macintosh

Combining pristine sound quality with a comfortably retro-styled virtual rack (including a polyphonic synthesizer, mixing console, sampler, and drum machine), Reason has won legions of fans since its introduction. Now, everyone is singing its praises -- from bands like Nine Inch Nails and Prodigy to video producers. Here to show you why is the first Visual QuickStart Guide on the topic. Using simple step-by-step instructions and loads of visual aids, this friendly volume promises to have you up and running quickly -- using all of Reason's instruments, loops, effects, mixing capabilities, and drum kits. You'll also find complete coverage of Reason's essential features: from its extensive racks and sound banks to its lifelike, rear-rack cabling, as well as its effects, automation, integration with other audio programs, and more.
