

NCLEX Review 3500

Designed to mimic the actual NCLEX-RN exam, this thoroughly updated review software follows the most current NCLEX test plan, including new alternate-format questions and more questions on nursing management. Users will find more than 3,500 multiple-choice questions of which are brand new covering 29 major topics in five major nursing categories: fundamentals, pediatric, psychiatric-mental health, maternal-neonatal, and medical-surgical. Three study modes: pretest, review, and test give correct and incorrect answers with rationales. Additional features include a client-needs subcategory for each question, a hints button, and a glossary with 400 medical terms. Windows Compatible
