

Sensational Memory

Chris Hare The Mindboggler performs as a professional memory man entertainer. On several occasions he has memorised the birthdays of over 300 cruise ship passengers and correctly recalled them instantly. He once recorded the highest viewing figures on Maltese television where he memorised the names of the entire studio audience of over 100 people. The techniques taught in Sensational Memory have been tried and tested under the glare of the spotlight and the watchful eyes of a public audience. Every aspect of memory has been covered from memorising numbers, dates, text, playing cards, names and faces.
