

Smart Thinking

Great thinkers aren't born; they're made. Good thinking is not a matter of intelligence, not a gift; it is a skill that can be practiced and developed like any other. And whether you're a student, business executive, or homemaker, the quality of the way you think is your greatest asset. Now, the leading international authority in the field of creative thinking and the teaching of thinking skills presents a practical, easy-to-follow program to help you develop the tools and techniques of good thinking.
