

The Tax Man

Over the last two decades, Brian Cockerill has ruled his world with an iron fist. Using nothing but his hands as weapons, he has patrolled the streets, clubs and raves of Britain in order to keep order and to tax those whose ill-gotten gains he sees fit to take a share of. Drug dealers and shady club promoters everywhere know that, if The Taxman is in town, its time to pay up or get out. All know of the appalling violence this man can exert on his enemies, and of the incredible presence of body and mind that he possesses. Yet despite his appalling record of aggression, Brian is a man who lives by rules and respect - balanced yet unpredictable, he has never used weapons, and those who have used arms against him have barely lived to regret it. The facts of his life are as amazing and awe-inspiring as they are true.
