

The Bicycle Book: Wit, Wisdom and Wanderings

The Bicycle Book: Wit, Wisdom & Wanderings is a celebration of the bicycle by people who love to ride. Its a tribute to one of the finest, most efficient, useful machines ever invented. Its packed with original stories, narratives and cartoons from a talented corps of writers and artists from around the world. The book features 32 articles and scattered throughout the book is a collection of 43 cartoons from artists whose work has appeared in a wide array of magazines. Pulitzer Prize-winning author, Thomas Hylton, kicks off the collection with *Bicycling and Walking*, a sensible, prescriptive editorial on why cycling-friendly communities are winners. On his heels is *Keeping Up With Lance*, Scott Roberts exclusive, one-on-one interview with Chris Carmichael, Lance Armstrongs long time coach and friend. Two prominent names in cycling journalism - Richard Fries, editor of *Bike Culture*, and Maurice Tierney, publisher of *Dirt Rag* - comment on the future of bicycling. And thats just the beginning.
