

The Princes Tutor (Silhouette Romance)

MAYBE SHE COULD KEEP HIM AFTER SCHOOL? Professional consultant Amanda Hutton was used to teaching royal children how to cope with the intricacies of palace life so she understandably balked when the king proposed she take on his son as her next client. Why, the dashing and fully grown, to say the least Prince Stefano di Talora was considered the biggest catch this side of the Mediterranean! What could she possibly have to teach him? Plenty, as it turned out. For though His Highness knew that almost any young lady could be his for the asking, he was also aware that with love could come pain and he was not about to chance it. Until he met Amanda and realized that, perhaps, the greater the risk, the sweeter the reward.
