

Just A Friend: Wallace Family Affairs Volume VIII

Ethan Wallace has always lived in the shadows of his family. He dimmed his light so that his brothers could shine. When Ethan met Jenise he was convinced that she had her own agenda that he didn't trust her. Determined to reveal her agenda he found that she truly and honestly was only looking for a friend. Through their friendship Ethan comes to terms with a lot of his issues and he learns that it's ok to let his light shine. Unfortunately letting his light shine also turns on selfishness in him that he isn't sorry to have. Jenise Wright grew up in a farming town in California. She's the first member of her family to go to college. Her hard work and dedication earned her a full scholarship to one of the most prestigious colleges in the country. Jenise's charms and nurturing nature unknowingly land her right in the middle of the Wallace clan who are also attending the same school. Her loyalty earns her a very close friendship with Ethan the quietest Wallace. Meanwhile Jenise loses herself trying to make all of her friends and family happy.
