# Pollyanna

One of the all-time classics of childrens literature, a feel-good book full of enthusiasm and exuberance, and aperfect family readThere is something about everything that you can be glad about, if you keep hunting long enough to find it.When Pollyanna Whittiers father dies she is sent to live with her Aunt Polly in Vermont. A clash of personalities ensues as Pollyannas sunny disposition sits ill with her aunts need for quiet, her passion for shutting windows, and her obsession with quietly shut doors. The key to Pollyannas happiness is The Glad Gameoriginally invented to deal with disappointing missionary boxesand is applied to all parts of life. No matter how dark the situation, it is always possible to find something to be glad about. Any attempts to discipline the child fail helplessly in the face of The Glad Game. A bread and milk supper in the kitchen is greeted with rapture; a puritan attic bedroom with sparse furnishing is valued for its rapturous views. As Pollyanna becomes acquainted with other inhabitants of the town, the cantankerous residents fall victim to her charms. However, the arrival of a motor car in town heralds a tragic change which not even Pollyanna looks likely to be able to overcome.This timeless classic has spawned many spin-off novels andfilms.
