

Holy Treasure! (Bello)

Hardly anyone attends St Martins Church, Kengrave Square, in West London, and its very nearly falling down. But when news gets out that its to be closed, and possibly sold, theres a significant flurry of interest. The site is worth millions. Aziz Developments are after it, and so is the Community of Investors for Jesus a curious American group of tele-evangelists. Enter the Honourable Mrs Monica Lodey, Kengrave Square resident, whose grandfather built the church. The venerable Mrs Lodey is determined to save St Martins. Shes not only rich but she can also exert huge influence: her brother is Chairman of Greenwood, Phipps, the merchant bankers, where Mark Treasure is Chief Executive. When the vicars wife launches a fund to repair St Martins, theres a rowdy parish meeting where Treasures actress wife Molly is the first to promise money. Treasure hopes that can be the extent of his involvement. But when a sudden death follows, spawning more dramatic events, both he and Molly find themselves gradually drawn into yet another investigation, and this time very close to home ground. As nifty a puzzle as clever Williams has yet devised, redolent with the reddest of herrings. Sunday Times As usual, the writer salts his tale with humour: but, also as usual, you leave the book with the sensation of having read more than just another thriller. Financial Times Anyone who regrets the passing of the old-fashioned detective story could do much worse than turn to Mr Williams, with his astute but wry characterisation of English social life and his adept plotting.
