

## WILDERNESS EMPIRE: A Narrative

Whipped to a frenzy by the French, the Iroquois were cutting a swath of desolation from New York to Virginia. Terrified settlers banded together, no match for the Indians cunning. Cabins were burned, entire families massacred, victims scalped, captives tortured. Yet, in the end, the Iroquois would pay the highest price. The true sagas of the brave men and courageous women who won our land. Every character and event in this sweeping series is drawn from actual history, and woven into the vast and powerful epic that was Americas westward expansion. The series begun by the Frontiersmen now continues with Wilderness Empire.
